Chelsea Tee Time Points Explained

Each player will receive points when they are booked into a tee sheet (5 days in advance of the day of play) and again on the day they play. Residents or renters of SBHOAl or HOA2 are not considered guests.

Tee Time Draw Process (Placement)
The daily tee time draw is made 5 days in advance of the date of play. The system will attempt to create foursomes by combining singles, twosomes and threesomes.

Tee time requests are ranked from the group with the least number of **average** points to the group with the highest number of **average points**. The Chelsea system looks at each request as if it is a single golfer.

Points are calculated by the play 10 days prior to the draw and bookings 5 days out.

If a player receives a tee time more than 1 hour from their requested time, you will not receive the full number of points for that day. Placement points will be deducted by increments of 0.1 depending on how far out of the requested time you received.

No Show Points
Any player who fails to show up for a scheduled tee time and does not notify the golf shop prior to the tee time will receive 4 no show points, plus their placement points for that day.

Players who are placed into the tee sheet the day of play only receive the day of play points, NOT the placement points.
